

Chapter 4 - Human Rights and HIV/AIDS

On June 30, 2008, the *Human Rights Code Amendment Act, 2006* (Bill 107) came into force in Ontario.

The *Act* makes significant amendments to the Human Rights system in Ontario. As a result, this chapter of the *HIV and the Law Advocates Manual* is no longer accurate and has been removed.

For information about the new Human Rights system in Ontario, please contact our office or your local legal clinic.
